

Good News Club

IMPACT PLANNING

PRAYER-SATURATED KIDS!

You Are Now a Kid's Power-Boost Prayer Partner!

The Importance of This Assignment: "Being a Kid's Power-Boost Prayer Partner is one of the most meaningful roles in Good News Club. When praying for your kids by name, you're doing more than supporting a program — you're shaping their spiritual future. Your prayers follow them into their classrooms, their homes, and their hearts. You may never know the full impact, but God does. This is quiet work, unseen work, but it is powerful work. Our kids desperately need prayer-saturated lives. You can help make that happen." - Send Prayer Reminders to the Team.

PARTY CLUB PLANNING

Party Clubs are fun themed events packed with truth! Every Good News Club must include at least two per year. Instead of just a special lesson... plan together, delegate way ahead, and make your party meaningful and unforgettable with this super fun teaching tool. Fun ideas are team members dressed to go with the theme, decorating, fun games, yummy treats, laughter, and a message that impacts. Great times are Fall, Christmas, Valentines, and Easter. You choose!

SCHOOL CONNECTION

Building relationships with your school is so powerful. The open doors are a gift! Good News Club opens countless connections of impact. Simple planned kindness and appreciation touches with the school faculty are amazing ways to connect deeper. Each touch is filled with the love of Jesus in action and brings light and encouragement to those who daily teach our communities' children. This opens doors for even more conversations and connections as life continues.

PARENT CONNECTION

It's through relationships our message is made authentic. Make your church visible and accessible. Stay connected through email. Encourage parent involvement in memorization. Plan several activities outside of GNC to connect with families. Involve the entire congregation in loving on the Good News Club families. Follow up on all decisions for Christ if the child is unchurched or churched. Promote and invite them to your church activities. Every touch counts.
